HILMERSON
BORN IN THE FIELD. MADE IN AMERICA.

Hilmerson Barrier Fence System™ – Quick & Durable Perimeter Protection

The Hilmerson Barrier Fence System™ is a simple solution for a common construction problem. If you own and use concrete j/f barriers for perimeter security on your construction sites, this solution is for you. The Hilmerson Barrier Fence System™ will simplify attaching fence panels to barriers, prevent recurring damage to your barriers, and install quickly and easily. It will also allow large general contractors to bring fence panel installation in house saving time and money.

Perimeter protection fencing on a job site can present a number of challenges. If you're currently renting fence panels, subcontracting installs, and damaging your concrete barriers, we've developed a quicker, easier, and damage free option.

Our fence panels are available in a variety of heights and widths, and our patented saddle mounting brackets can be customized to fit j-barriers or f-barriers – commonly known as k-rails.

Patented Side Saddle Bracket™

The Problem:

CURRENT ATTACHMENT METHOD

- ⊗ Damages/Degrades Barriers
- ⊗ Leaves Damaged Stud Anchors
- ⊗ Offsets Future Installations
- ⊗ Creates Foothold to Climb On
- ⊗ Lost Revenue to Rental Company

The Solution:

HILMERSON BARRIER FENCE SYSTEM™

- ⊙ Drop-in Anchors Save Concrete
- ⊙ Eliminates Damaged Anchors
- ⊙ Always Mounts to Same Spot
- ⊙ Eliminates Climbing Foothold
- ⊙ Retains Your Spend, Better ROI

"We needed a product that installed rapidly to minimize any Metro Light Rail disruptions. The team allocated 4 hours for the fence installation. The ability to install the Hilmerson Barrier Fence System™ in 1/4 of the time saved us significant time, money and schedule. The Hilmerson Barrier Fence System™ is virtually maintenance free. We installed the system over 1.5 years ago and haven't touched it since. By choosing the Hilmerson Barrier System™, we ensure a clean and professional appearance and superior site security and safety, which gives confidence to all involved."

-RICH BISTODEAU SR. SUPERTINTENDENT, MORTENSON

Protect & Secure While Saving Time & Money
